This topographic map shows the Katsuragi Dam and surrounding terrain. Key features include:

- St. 1 ダム堤体直上流左岸**: A red dot on the left bank of the dam's upstream flow, with a red line pointing to it.
- St. 2 工事用進入路の入口**: A red dot at the entrance of a construction access road, with a red line pointing to it.
- Structural Damage Annotations**: Three red circles with cross-hatching indicate areas of damage:
 - 発破** (Explosion) and **鋼矢板打設** (Steel sheet piling) near the top right.
 - 構造物取壊し** (Structure demolition) at two locations: one near the top center and another near the top right.
- Blue Arrow**: A large blue arrow points from the right side of the map towards the left bank.
- Legend**: A small legend in the bottom right corner identifies symbols for the dam body, construction access road, and other features.
